- 7) All classes are conducted ONLINE.
- 8) Please feel free to **call Simon at 9689 0510** if you need further enquiry.

What we teach

Our Class Activities:

1) Topical and Content Enrichment

Students will be introduced to various GP issues, like Education, Social Media and Science & Technology. The classes will cover key terms, issues, and discussion of topics that will help students to understand the complexities and significance of GP issues. By doing so, students can derive the underlying implications from comprehension passages and expand on their essay discussion effectively.

2) Essay Writing Skills

Application techniques for GP essays are essential for those who strive to attain grade A in A Level General Paper. The revision programme will facilitate the acquisition of essay writing skills, like question analysis, outline setting, paragraph development, and point elaboration. Also, students will learn to write different types of essays, like the 'Do you agree' (DYA) and 'To what extent' questions. As such, students will become versatile in their writing abilities and develop the confidence to excel at the examinations.

3) Comprehension Answering Techniques

The development of comprehension answering skills is achieved through the use of practice questions during the GP tuition revision programmes. Students will learn how to read the given passages and annotate important parts of the text. Under the guidance of JC GP tutor Simon Ng, students are encouraged to engage in activate discussion to understand the intentions of the writers, such as why they use certain phrase and italics. Hence, students will develop the proficiency and flexibility to tackle different types of short-answer comprehension questions.

4) Summary Writing and Application Questions (AQ) Practices

Although summary and AQs are part of the GP comprehension question component, the revision programme will also feature practice sessions for students to improve specific skillsets that are related to these two sections. Students will develop writing techniques, like word substitution, extraction of information and arrangement of ideas. Then, within the given timeframe, students will write out their answers to simulate examination conditions. Therefore, a realistic frame of practice will prepare students adequately for the GP examinations.

5) Class Practices and Question Discussion

Generalpaper.com.sg advocates the undertaking of regular and extensive online class practices as students can identify their knowledge gaps and limitations in answering questions. The GP Tuition revision programme will feature class practices for GP essays and comprehensions to help students to build the familiarity of questions. Furthermore, JC GP tutor Simon Ng will review the answers of students and provide feedback on the areas of improvement. Post-practice discussion will be conducted to encourage students to reflect and check their answers more thoroughly, so as to minimize errors.

More about our **GP Tuition Online**

GP Learning Studio

Discuss and Engage.

GP Learning Studio focuses on knowledge enrichment to ensure that students are familiar with diverse real-world issues that may be tested in the essay and comprehension questions. We achieve this aim through livestream classes, whiteboard illustrations and document sharing.

Understand GP Issues via Livestream Classes

Our lessons include real-time student engagement to create a conducive and interactive environment for learning. You can ask questions via instant messaging to clarify your doubts during the live classes as well.

Teaching through Virtual Whiteboard

View the illustrations written by the JC GP Tutor to follow the online class discussions. We introduce this feature to enhance the conventional teaching approach. You can download whiteboard sketches for future references.

Organise your work through MyWork Folder

Keep all your notes, essays and comprehension practices in an accessible private folder. You can retrieve and browse these documents for revision anytime and anywhere.

Review your writing through Document Sharing

You can submit your online practices to our JC GP Tutor for marking. In return, you will receive marked answers to correct your writing errors and raise proficiency of language expression.

GP Practice Lab

Let's Practise!

Virtual Classroom is a skills-oriented learning feature that guides you through the thinking and writing processes systematically. Try these e-learning tools to improve your essay writing and comprehension answering skills.

Arrange your **Essay Writing Structure**

Develop your skills in understanding of the requirements of the question and capacity to create a structure of writing over many practices to prepare yourself to answer spontaneously with minutes under exam stress.

Try the **Essay Writing Practices**

Attempt our practices to be familiar with different essay question types. Learn the fundamentals of essay writing, such as outline writing, perspective setting and rebuttal. You can submit your essay practices for tutor review.

Attempt the **Comprehension Practices**

Try our comprehension questions, consisting of short answer questions, summary and application questions (AQ). Learn the reading and writing skills, like information extraction, inference and paraphrasing. Similarly, you can submit completed practices for marking by the tutor.

More about our **GP Study Magazine @ Playstore or Appstore**

Explore different real world issues

Browse digital magazines that cover a broad range of topics, ranging from the wondrous field of Science and Technology to the controversial debate on Censorship and Social Media. We have organised these fascinating areas of study to keep them bite-sized and engaging at the same time.

Enhance your thinking and writing skills

In addition to knowledge enrichment, GP Study Magazine includes model essays to demonstrate how you can apply your newfound knowledge to practice questions. These model essays are written by our very own JC GP Tutor Simon Ng. Examine these essays and start practising to be ready.

Be enthralled by our illustrative videos and infographics

In contrast to physical magazines, our learning app features educational videos that discuss issues relating to a specific theme. Also, we broaden your understanding of these themes via illustrative infographics and interesting facts that can be used in your essays and application questions (AQs).
